Mr. Alfred Meyer
Mayor, City of Basehor
Basehor, Kansas 66007

Dear Mr. Meyer:

The Leavenworth County Commissioners have acted on the resolution passed by the Planning Commission to make application to this Agency for a Grant to pay for a Comprehensive Plan of rural areas for Water and Sewage.

This study will be made by an Engineering firm designated by the Commissioners and will encompass the rural areas, unincorporated communities and incorporated cities under 5500 who have requested to be included.

If you wish your city to be part of this plan, please complete and return the attached copy of the Resolution. Funds for your portion will then be included in the grant. There will be no cost or obligation on the part of Basehor.

At the present time, no community, city or rural area is eligible for grant development programs through the Department of Agriculture if they are not part of an overall plan such as the type mentioned above.

If the City will be included, then the Resolution should be sent in as soon as possible since the propulation figures of participating cities are used to compile the total amount of grant assistance needed.

If you have questions regarding this study, please feel free to give me a call at VI 3-7049 or discuss it with the Regional Planning Director or Commissioners.

Sincerely,

Wilbur L. Wright
County Supervisor
