

Sewer Service

Effective May 1 of each year, the 2.5% increase for monthly sewer rates shall increase (*Ordinance No. 626*) from \$12.01 per 1,000 gallons of water consumption to \$12.31. All properties outside the city limits connected to the Basehor sewer system shall pay \$19.40 per 1,000 gallons. Non annexed residences shall pay \$15.40 per 1,000 gallons. Your monthly rate is based on a three-month average from your December 2016, January and February 2017 water bills. Monthly water consumption records shall be obtained by the City of Basehor from both water companies. The City Council determines the rate to be charged per 1,000 gallons.

New residents to the City of Basehor which have not established a water usage history of consumption will be charged a median base rate of \$50.45 until three full consecutive months of water usage can be provided. Residents are allowed to bring in their three (3) most recent water bills from either Suburban Water or Consolidated Dist. #1 water departments for a re-evaluation of that assigned rate. Detailed policy may be reviewed at City Hall upon request during normal business hours of 8:00 am to 4:30 pm.

Minimum/Vacant Rate is \$18.47 per month.
