The purpose of the Basehor Area Business Economic Relief Grant is to offer financial assistance to local non-essential businesses that were negatively impacted by the State of Kansas stay at home orders 20-16 and/or 20-24, during the COVID-19 Pandemic. This provides a one-time payment to approved businesses to offset the negative financial impacts that the COVID-19 business restrictions and mandatory closures have caused since March 1, 2020.

Businesses that suffered economic hardships must exclude any amounts covered by other insurances, Federal/state grants, or other programs where repayment is not required (double-dipping).

Applications can be accepted in person at 2620 North 155th Street, or emailed to krenn@cityofbasehor.org.

Grants shall be used to cover eligible expenses from March 1, 2020, to present.
