What did the City of Basehor do with our surveys?

The City of Basehor took the surveys of over 200 students and analyzed the information.

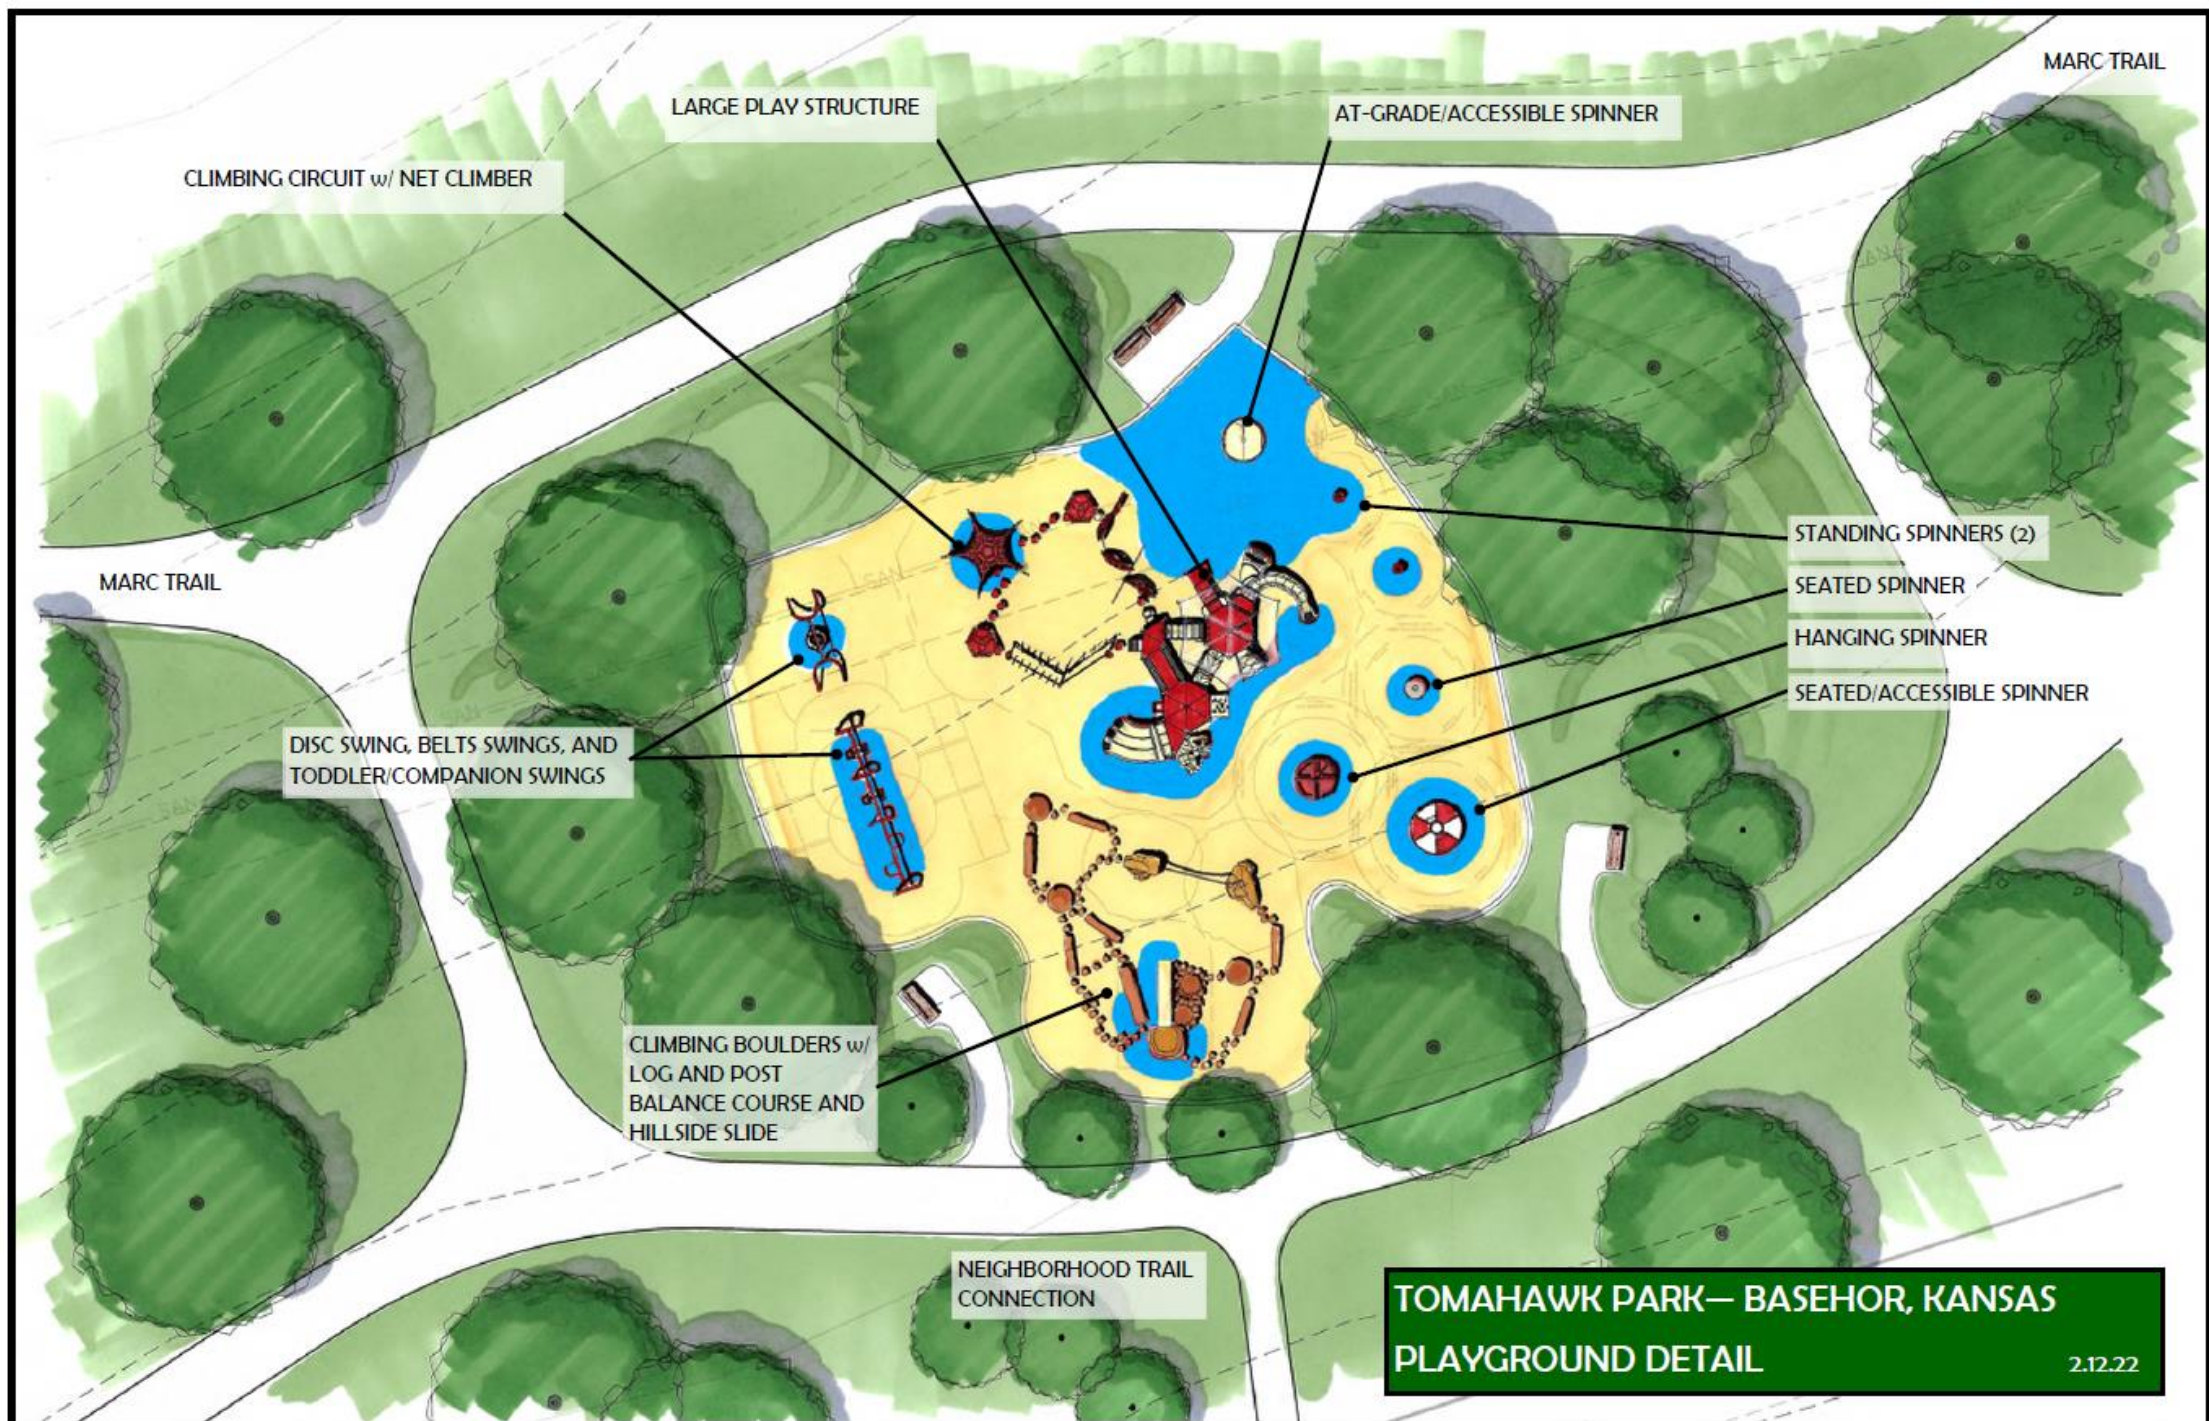

Doug Pickert of Indigo Designs has used that feedback to design the play area of Tomahawk Park!

What are the next steps?

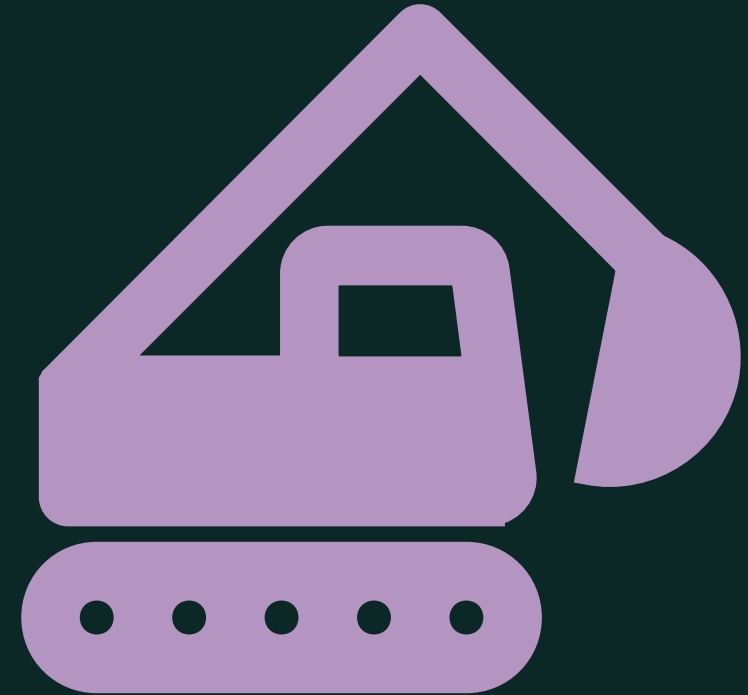

The Student Council will present to the Mayor and City Council tomorrow night.

The Mayor and City Council will give feedback on the designs.

Construction Timeline

- The City will start construction on Tomahawk Park Phase I later this year.
- After the first phase is complete, the City plans to build Phase II improvements which include a parking lot, shelter area, and restroom facilities.

Thank You!

We are so proud of each of you for helping us design Tomahawk Park! Thank you for helping us with this important project for our community!
